Dear Dr. Georgescu,

Thank you for your e-mail. Your questions can be best answered by directing you to the Institutional Evaluation Programme (IEP) <http://www.eua.be/events/institutional-evaluation-programme/home/> which is an independent membership service of EUA. IEP is indeed a full member of ENQA and we have also recently applied for inclusion in EQAR, with the final decision pending.

With regard to the question of accreditation, our evaluations are not related to accreditation or certification processes. We do not offer a summative judgement as our reviews are purely supportive and improvement oriented and examine the institution as a whole. If you are interested in seeing examples of the kind of reports we deliver at the end of an IEP evaluation, I invite you to please consult our website: <http://www.eua.be/events/institutional-evaluation-programme/who-has-participated/iep-evaluation-reports/>

If you have further queries or require additional information, please do not hesitate to let me know.

Best regards,

Joanne

Geachte heer, mevrouw, s.t.,

Ik heb een vraag: accrediteert EUA universiteiten?

Is EUA volledig lid van ENQA? Is EUA ingeschreven bij EQAR?

Hoogachtend,

Dear Mr./Mrs./Ms.,

Is EUA a full member of ENQA? Is EUA registered with EQAR?
