

South Park "Chef" instructions

step 1

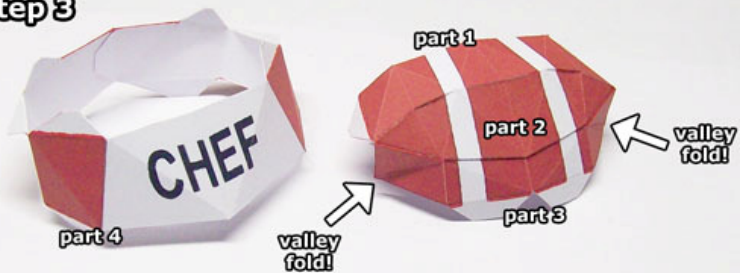

Print the parts (preferably on some thicker paper) and choose your "weapons of choice" (glue, knife, cutting mat) to build your own papercraft South Park Chef!

step 2

Start by cutting out and glueing together part 1 (the lengthwise fold should be quite sharp!)

step 3

Glue on parts 2 and 3 (don't forget the two sharp valley folds on part 3!) and cut out, fold and pre-shape and glue together the two ends of part 4.

step 4

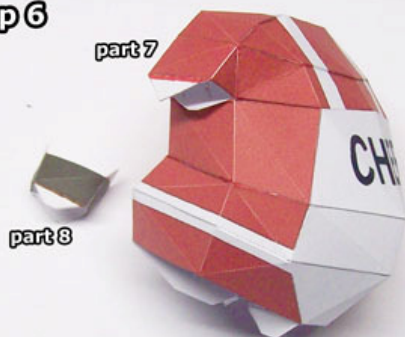

Glue part 4 to the rest of the body, and do the same for part 5. Then cut out, score and fold part 6 to glue it together as shown here.

step 5

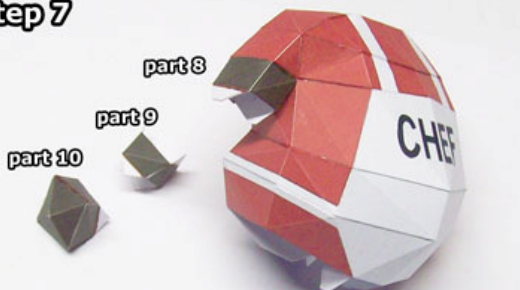

Glue part 6 to the bottom of the body.

step 6

Take care glueing aprt 7 to the right side of the body as shown here. Then cut out and assemble part 8...

step 7

...and then glue part 8 to the body like so (this can be a bit tricky, so take your time). Then do the same for parts 9 and 10...

step 8

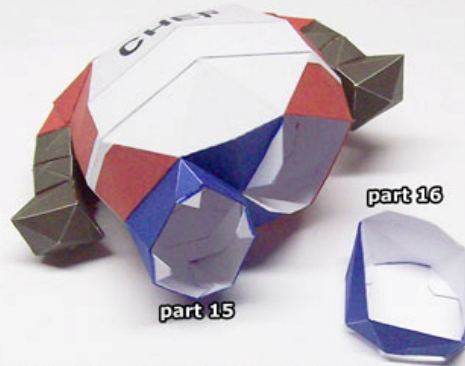

parts 7-10

parts 11-14

...and parts 11-14 on the other side of the body.

step 9

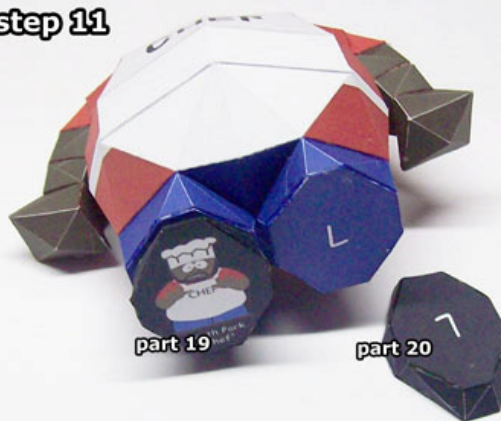

Score, cut out, fold and glue the two ends of part 15 together, and glue it to the bottom of the body as shown here (this can be a bit tricky again, so take your time). Then do the same for part 16.

step 10

Next, close the bottoms of parts 15 and 16 with parts 17 and 18.

step 11

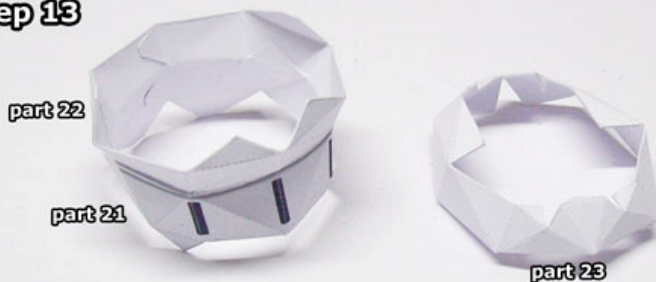

Cut out and assemble parts 19 and 20, and glue them underneath parts 17 and 18, centered in the middle.

step 12

Make sure you score and fold all the fold lines on parts 21 and 22 before glueing assembling them like so (the glueing tabs on these white parts are coloured a light grey).

step 13

Glue parts 21 and 22 together, and score, cut out, fold and glue together the edges marked A on part 23 to assemble it as shown here.

step 14

part 23

part 22

part 21

part 24

Glue part 23 on top of the rest of the hat, and score, cut out, and fold and pre-shape part 24 (take your time to get all the mountain and especially the two valley folds right!)

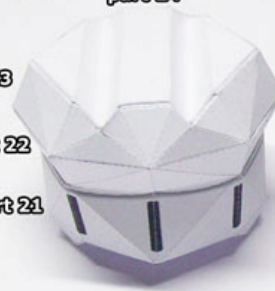

step 15

part 24

part 23

part 22

part 21

part 25

...so it will be much easier to glue it on top of the rest of the hat! Next, assemble part 25 and glue it underneath the hat...

step 16

parts 21-24

part 25

...and then glue Chef's hat on top of his body like so.

Thank you for building a Ninjatoes' papercraft model!
