

**Legend of Zelda octorok instructions**

**step 1**

glue  
X-Acto knife  
coloured markers  
rubber cutting mat

parts printed on 200 gsm paper

Print the parts on thicker paper, and ready your papercraft tools! You can use coloured markers to colour the edges of the parts\* to get rid of the white lines on the final paper model.

**step 2**

part 1  
part 2

Cut out, pre-shape and assemble parts 1 and 2...

**step 3**

part 1

...and then glue them together as shown here.

**step 4**

part 3  
part 4

Cut out, pre-shape and assemble parts 3 and 4...

**step 5**

part 3  
part 4

...glue them together...

**step 6**

parts 3+4

...and then glue the parts to the front right\* position of the octorok's body.  
\*It's upside down here :p)
